Verified There can be several causes. Verified Most washing machines have 3 compartments for detergent. Verified In many cases the door of the washing machine hasn't closed properly. The location of the filter is different depening on the model. Unplug the appliance and check the filter. This was helpful (6287) My washing machine makes a lot of noise and/or vibrates loudly, what can I do about that? There are extension cords with thicker cables that are made to handle larger appliances. This will prevent the machines from vibrating and falling off and also prevents damage to the bottom machine. Verified Appliances that require large amounts of power, like a washing machine, can not be connected to all extension cords. This was helpful (504) What is the difference in usage between a washer-dryer and a separate washing machine and dryer? Verified The biggest advantage of a washer-dryer is that it takes less space. Go to a Repair Café9A for free repair services. However, a separate dryer will be able to dry more than a washer-dryer. Verified When moving a washing machine, you should secure the drum. Please leave a comment at the bottom of the page.Are you satisfied with this Hotpoint-Ariston product? If these features are not available it's possible to add 100ml of white vinegar or 100gr of soda crystals and have the washing machine run a 90 ešAcov program.
